Using a Checkcord

As we've often said in past columns, there are three things a bird dog needs to do as far as handling goes: They have to go with you, come to you, and stand still. A **checkcord** is useful in all three, but the primary use is for teaching a dog to go with you. "Go with you" means the dog must work to the front and change direction as you do, quartering with intent to locate bird scent while still being your partner and working as a team.

Watching a trainer or experienced handler **checkcord** a dog through a field makes it look easy, almost effortlessly so. However, the first few times you have a **checkcord** in your hands, you quickly discover it's not quite as simple as it looks. The rope gets tangled under the dog's legs, around yours, in the brush, and don't forget the rope burn that can happen if you're not careful! The good news is that we can give you some tips on how to make the process easier.

The first thing you'll need is the right kind of **checkcord**. Flat **checkcords** are too limp and hard to hold, as are lightweight ropes, and they tangle easily. Ideally, a tightly woven braided nylon is used, and it will have some stiffness or "body" to it. This makes it easier to handle – it won't tangle as much as soft rope, and the slight stiffness makes control of the rope work smoothly, especially at a distance. If you start out with a well-made **checkcord** of good stiff rope, it'll continue to improve with age and use. You can help this process along by leaving it out in the rain or initially soaking it and letting it dry in the sun, as water and the drying process will stiffen it even more. The stiffer the rope becomes, the easier it will be to work with since it won't be as likely to get tangled in the cover.

The diameter can be 3/8" or 7/16" depending on what feels good in your hands. Length is a matter of personal preference, but should fall somewhere between 20 and 25 feet. The end that attaches to the collar will have a brass swivel snap tied in with a bowline knot. The swivel in the snap keeps the rope from twisting up, and the bowline knot puts a little weight in the rope, slightly away from the dog's collar, making the rope easier to maneuver when changing directions. The tail of the rope should be finished with a simple overhand knot to keep the rope from slipping out of your hand (note: unless you are turning the dog loose in heavier cover, in which case, remove the knot at the end so it won't get caught).

The best way to get comfortable learning to handle a **checkcord** is to start without a dog at the other end. When you get to the field with your dog, you'll need to change direction and teach your dog to change with you. That means being able to easily flip the rope over your dog's back as you take a new direction. If you're fumbling with the **checkcord**, you and the dog will end up tangled and frustrated, so take the time to practice until you are comfortable with handling the rope before you add the dog.

To turn your dog using the **checkcord**, there are two options: You can pull and drag the dog (not the option we would choose), or you can lightly toss the rope over your dog's back and tug the collar using an easy rolling loop movement. To learn this skill, you'll need to fasten the snap on the **checkcord** to a stationary object. There are numerous ways you can do this, including buckling a collar tightly around a fence post or tree and attaching the **checkcord**; or snapping the **checkcord** onto the tow chain loop on a vehicle, for example.

Just pick something that can't go anywhere, and where the snap stays in the same position.

Once the snap is secured, take up the rope and step out to the end of it. Start with the rope taut and your arm bent and by your side. Then push your arm forward and give just enough slack so the rope loops slightly toward the ground. Using a sideways rolling movement of your hand and wrist, flip a loop of rope toward the snap end. Your wrist will do a snappy 180-degree roll, with soft follow-through to make a full circle. The initial part of this motion rolls the rope, while the soft follow-through makes sure the rope doesn't stop moving halfway. This won't work unless there is a small degree of slack in the rope, and the rope should move sideways, not up and down. This sideways movement of the rope will help turn the dog by sending the rope up, over, and across his back, while up and down is likely to hit the dog and cause confusion.

Being able to send the slack to the exact spot you need it to turn the dog is an acquired skill, and one that is invaluable in **checkcord** work, along with good timing. Practice this at several different distances and while moving from side to side as well as toward the snap, and learn to flip the rope while you're adjusting your distance and position. The bowline knot securing the snap is a big help, since it gives just the right weight and swing to the collar end of the **checkcord**.

And don't forget to practice rolling the rope in both directions! Your dog has to turn both ways, and that means the rope has to flip in whatever direction is needed. You'll find one direction easier to do than the other, so practice the more difficult direction until both ways are easy.

One other key to successful **checkcord** handling is dealing with the excess rope. Don't try to keep the rope coiled up as you're shortening and lengthening it. That takes time, tangles the rope, and isn't necessary until you're ready to put the rope away for the day. To shorten the **checkcord** as your dog comes closer, just form a circle with the fingers and thumb of one hand, and pull the **checkcord** through it with the other. Let the tail of the rope feed out behind you. There's no need to keep the tail end gathered up. Just let it drag. And when the dog needs more length of rope to go out to the front, relax your grip just enough to allow the rope to slide through your gloved hand (don't forget to wear gloves!).

When you can easily roll a loop of rope in either direction and are comfortable shortening and lengthening it without a dog attached, it's time to add your dog and head for the field. The goal of using the **checkcord** for quartering is to teach the dog to pay attention to our direction and go with us. In these early stages, you'll be doing a lot more direction changes just to get the dog used to watching you and paying attention to your direction.

Think of it like the face of a clock, with 12:00 being directly in front of you. Ideally, you want your dog to stay somewhere between 10:00 and 2:00, with a reasonable amount of leeway in either direction. You probably won't give the dog the whole length of rope right away, but be ready to feed out rope and reel it back in as your dog changes his range. As your dog nears 10:00, you'll go toward 2:00 and roll the **checkcord** over the dog's back, giving a tug to make him change with you. Then as your dog nears 2:00, roll the rope the other way and tug to change back toward 10:00.

You'll be zigzagging quite a bit as your dog figures out he has to watch for your changes of direction. It won't be long before your dog will show signs of anticipating your movements, and the rope won't be as important or as needed. The end result is a dog that works to the front and goes with you, working toward cover that may hold birds. The dog decides where to go within that designated range, while you decide which direction that range will go. When you've got that, you're well on your way to being a great hunting team.

Texas

by: **Randy Schultz, Travelling Bird Hunter**

I'd like to hunt Texas more. The reason I don't is simple. I can't afford it. That's not a reflection on the folks in Texas, it's just the reality. Compared to most western states, Texas has an insignificant amount of public land. They have some huge, well-managed Wildlife Management Areas, but the hunting pressure is overwhelming in good years. Western Texas does have BLM and State land available hunt. To really enjoy the bird hunting in Texas, a lease or a day-hunting fee on private land is the way to go for me. Leases aren't affordable for me, and the day hunter fee is usually prohibitive, so I end up saving my nickels and driving to states where public hunting lands are plentiful. One notable exception happened back in the early 2000's.

I wanted to hunt the wide-open West. It was a great year for Bobwhites, and all the publications were touting the advantages of Texas. I read all the information I could find, and finally settled on the Panhandle as a likely location. Most places offered up leases and/or day hunting fees. I didn't want to get locked into laying out several thousands of dollars to hunt one area, so I explored the day hunting idea. At the time, \$100/gun/day was the average going rate. (Dirt cheap by today's standards.) I finally called a few places for more information and found them to be full up. Finally, I decided to call the Chamber of Commerce of a good-sized town and asked about "day hunting" a ranch. "You need to call Will," she said. She gave me the number. No last name- just Will.

Will answered the phone and was friendly and likeable. He told me the family had around 9000 ac. just outside of town. It had a few cows on it, and a few pumpjacks, and a lot of quail. He was not a bird hunter, he explained. He guided on the place for deer and Pronghorn. No one lived there. "Meet me at the gate at eight in the morning, and I'll let you guys in," he said. The next morning, Will took us on a tour and said he'd be back before dark, and drove off. That was it.

We parked on a hilltop and put our dogs out at 10 am. It was near the end of the season, cold and windy, but there was water in the stock tanks and the grass was tall. By the end of the day with two guys walking with two dogs on the ground, we had 17 pointed coveys. I didn't keep track of the singles. It was getting dark, the wind was picking up, and the temperature was dropping. On the walk back to the truck, we had to leash the dogs, or they would point more birds.

Will was waiting for us at the trucks. For not being a bird hunter, he enjoyed the tales of the day as much as we enjoyed telling them. Finally, he said, "Well, I got no idea how much to charge you guys. What do you think is fair?" Questions like that are enough to tempt a bird hunting Baptist Preacher. "Will, this was an amazing day. Honestly, I think the going rate might be up to \$200/gun/day in parts of Texas this year," I said. "OK," he said, "why don't we call it \$100/gun/day? Here's my address. When you get done, make sure the gate is locked, and send me a check." We shook hands and that was the last time we saw him, although we hunted that patch for a few more years. A few days later, by phone, he told us, "You might want to check out our other place not far from Amarillo. It's 32,000 ac., and it has plenty of quail, too, but they are a different kind. Talk to the Ranch Manager. I'll call him. Same deal for money. Good luck to you guys."

I was driving out after a frustrating day hunting Blue Quail in the Texas Panhandle not far from Amarillo. A drought gripped Texas that year, and I was thinking about moving up to South Dakota, when I saw a bird flush to my left close to the truck. I stopped, grabbed my gun, my dog, Ace, a handful of shells, and stepped off the graded sand road of the ranch. The world exploded when 30+ Blue Quail flushed up all around me. I stepped into the middle of them, and more ran off into the brush. Ace stopped to the flush, and I watched as they scattered out along a stretch of flat, brushy, sandy, grazed-over pasture. The sun was at my back, the breeze was in my face, it was 30 deg., and I wore a big grin as we set out to some of the most fun shooting I ever had.

It was cold out, and the ranch picked up a little dusting of snow that day. After the birds landed, I could see their tracks running into clumps of grass or cactus. I laughed when I saw a set of tracks run into a clump of grass and not come out. Ace locked up time after

time pointing two or three of the little buzz bombs before they erupted out of the pointed cactus, shin-oak, or grass patch. We took our time, easing along and hitting all the cover, ditches, and vegetation. After what seemed like 5 minutes (an hour plus), I grabbed for more shells and came up empty. Ace was pointed, the sun was low on the horizon and the temperature was dropping like a stone. I had one shell left in the A.H. Fox 20 ga. double and was one bird shy of the limit here in TX. (Limits never held much fascination for me. I rarely got close enough to worry about them on quail. But today it would be nice to round it out.) Ace pointed the base of a cactus as I eased on up alongside him. I glanced at his face, and it was set in that stony look bird dogs get when they are dead center of the scent cone, mesmerized by the smell. I kicked at the shrub and 5 gray blurs came out of that cactus heading to all points of the compass. As a lefty, I locked down on the one heading from my left to right, checked his location down the barrels and pulled the trigger to a satisfying little "whump" when he hit the trace of snow-covered sand. Ace brought the bird up and put him in my hand. "It was a pretty good day, after all, Boss," he said. We headed to the truck on the horizon.

Texas will always hold a soft spot in my heart. Wide open, rugged, and with a ton of quail.

OFFICIAL NSTRA BALLOT INCLUDED

Rule change proposal submitted by J.B. Kunza #13024
June 25, 2023

6.01 All scoring is stopped when brace time expires, except when Rule 1.06 applies. When a judge announces time is up for the brace, handlers shall put leads on their dogs and take the shortest route out of the bird field so that the next brace can start on time.

6.02 If a dog breaks loose from the gallery area and enters the bird field, causing a nuisance to a working dog, the trial should be stopped and the dog removed.

6.03 Gunner shall remain a reasonable distance behind the handler until point is called. There shall be no communication between gunner and handler after leaving the blind. 4/14

Current rule 6.04 Handler using a gunner shall stay at least fifteen (15) feet or more behind the pointing dog. After flushing and shooting, gunner shall return to judge or stay behind the handler until the retrieve is completed.

6.05 The use of training aids such as electronic devices, weighted collars, flushing whips, spiked collars, silent whistles, bells or voice (for the obvious purpose of stopping a dog for a creditable find or back) is prohibited. The use of the above training aids will result in disqualification from that recognized trial.

Proposed change: Handler using a gunner shall stay at least (15) fifteen feet away from pointing dog. After flushing and shooting, gunner shall return to judge or stay behind the handler until the retrieve is completed.

Examples of need for change:

① ~~was~~ I have witnessed a dog returning to handler at a distance of at least 100 yards when the dog points while facing the handler. Pointed bird was running in plain sight toward handler and gunner. Handler was made to walk in big circle to get behind pointing dog while gunner waited. Bird kept running till it was at least 75 yards from dog before gunner was allowed to flush.

② At a national trial, handler was made to make a huge circle to get behind pointing dog which again pointed facing handler and gunner. Dog was probably 200 yards from handler which again delayed flush since handler had to be behind pointing dog.

Add A Dog's Picture Click to download How-To PDF

How to attach your dog's picture to its profile:

1. Log in to your account on the website.
2. Go to your membership profile. If you already logged in, click on your name and select "My Account".
3. Under "My Dogs" click on "Edit next to the dog's name."
4. Select "Choose File" and look for the dog's picture in your computer files. Once you find the picture, click on it. The name of the file will appear next to "Choose File".
5. Select "Add Image" and your picture will upload to your dog's file.

NOTE: If your picture needs editing, do it before you select the picture. Save the edited picture to your files and be sure to select that version.

As always, happy hunting!

NSTRA MEMBERS - Important things to remember!

Reminders – check back often!

National trials are the responsibility of the National Officers with input from the Board of Directors and the local co-chairs of national trials. Criteria for entry, which may be subject to change, for the original 5 National Trials is available in the reference section of the Rule Book beginning on page 41, Section 11. If a particular national trial is subject to changes in the entry criteria, there will be notice provided on the official entry form, in the magazine, on the national website, and/or by email if available.

To enter a national trial, you may submit a hard copy official entry form and payment, OR you may scan and email an official entry form with payment information, OR you may send by facsimile and official entry form with payment information, OR you may enter and pay on-line on the website. NO EXCEPTIONS.

Please note that additional new national trials may be added from time to time and do not yet appear in the current Rule Book. Please contact your National Officer Representative or the National Office staff for additional information regarding such trials. The current list of National Trials is as follows:

QUAIL FOREVER, formerly known as Quail Invitational. This is a revolving trial generally held in February.

TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

NATIONAL AMATEUR TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

UKC PERFORMANCE TRIAL. This trial is a revolving trial generally held in June.

PURINA ENDURANCE CLASSIC. This is revolving trial generally held in September:

DOG OF THE YEAR. This trial is held in Amo, Indiana, in October.

TOP PERFORMANCE AWARD:

To be eligible:

*Dogs must have at least 20 open points accumulated in weekend trials between June 1 through May 31 of the applicable year. Once a dog is eligible, a schedule of scoring is applied based on the results at regional elimination trials and National Trials

*The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1 in order to keep the number of national trials the same each year.

*The Regional Elimination trial results used in calculating Top Performance Awards is the regularly scheduled regional elimination championship in the qualifying year/season (only one regional can count per year). Regionals scheduled or rescheduled to be held after June 1 will apply to the previous year. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1 – 600, 2 – 575, 3 – 550, etc.). The placement for the regional eliminations is determined by the score of the last round in which the dog ran. In addition, 100 points will be awarded to the Champion, 75 for the second-place dog, 50 for the third and 25 for fourth.

*The National Trials results are calculated as follows: A dog must place in the top 32 dogs to receive a qualifying score from that trial. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1 – 800, 2 – 775, 3 – 750, etc.). The placement for the national trial is determined by the score of the last round in which the dog ran. In addition, 100 bonus points will be awarded to the Champion, 75 for second place, 50 for third and 25 for fourth.

HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted in a rolling calendar throughout the year. Send these nominations to the nation office, or to a national officer no later than March 31 of the year in which a dog is to be considered. Nominations of dogs to the NSTRA Hall of Fame are NOT “carried over” to following years. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted in order to be considered for election. The National Officers, in concert with the Board of Directors, make selections to the Hall of Fame each April.

TRIAL SCHEDULES:

Fall/winter trial schedules are due in the office by May 1. Spring/summer trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

SANCTION FEES:

Trial sanction fees are required BEFORE a trial packet is mailed and before a trial may be “approved” in the system. Please pay all sanction fees at least 4 weeks prior to your trial date to ensure prompt mailing of the packet and to ensure that the trial may be drawn in a timely

manner.

TRIAL REPORTS:

Trial reports and results should be entered into the trial draw system as soon as possible after a trial and no later than 10 days after the trial date. Overall results will not be approved until the reporting is complete. First place points and championships will not be confirmed or awarded until the reporting is complete. (This includes receipt of all registration paperwork for placing dogs.)

HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1 and January 1.

*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at any time to request a change in their Home Region.

ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members’ spouses and children 18 years and under, still living at home. There must be at least one regular paid membership in the household to qualify. Associate members have the same rights as regular members with respect to participating in field trials (e.g., owning dogs, handling dogs, judging, bird planting, etc.). Associate member may not vote in any regional or national elections including rule or by-law changes, they cannot hold an office, and they do not receive a magazine.

RULE CHANGES:

Proposed rule changes or new additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

(continued on next page)

REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of new registration papers with the new owners' names to the office. The date of transfer will be the date shown on the registration papers.

UNREGISTERED DOGS:

As of June 1st a dog cannot run in a NSTRA trial without a system-generated dog profile or record. A trial coordinator cannot create the record. National staff or officers can only create the record once registration papers are received in the NSTRA office. In addition, there remain many "unapproved" dogs in the system. Unapproved dogs shall not be entered to run in trials until proper paperwork is received and appropriate action to create the record is completed. This can either be submitted by the owner or the trial chairman. We will accept copies by fax (317-839-4197), e-mail (office@nstra.org), or a photocopy by regular mail.

NSTRA DISTINGUISHED MEMBERS:

The NSTRA Distinguished Members award honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continued to improve, the National Shoot to Retrieve Field Trial Association, Inc. This award will be presented annually at the Dog of the Year banquet. Nominations may be submitted at any time to the staff at the national office, to a National Officer, or to the current chair of the Distinguished Members Committee. A short description of the individual and their contributions to NSTRA should be sent to the national office. A picture of the individual should be included, if available. Contact the NSTRA office for a list of criteria. The committee will review all Nominations and verify contributions. Decisions will be made not only by the information submitted but by any other information collected. The committee will make their decision by the April Board of Directors' meeting. A permanent plaque will be located at the NSTRA office with a smaller plaque awarded to the individual or their family if deceased.

One scholarship award was given to Kindal Minton, of the Alabama Region. The scholarship was accepted by grandparents Bill and Dianne Minton.

Two well deserving members were selected as Distinguished Members, Wes Barr of the West Texas Oklahoma Region, and Bob Power of the Mokan Region. CONGRATULATIONS!

It has been five months since the Sponsorship & Marketing Committee was formed. This committee has worked extremely hard to follow their charter.

- Promote and grow NSTRA's membership, sponsorship, and partner participation
- Raise awareness and promote our sport on all media outlets
- Promote each of the six national trials in a similar manner leading up to, during, and following the event
- Provide our members, followers, and sponsors with quality content on all platforms, both digital and print

In just a few short months the team has increased our social media presence over 6 times what it was at this time last year, developed templates for National trials highlighting judges, bird planters and champion dogs/handlers, rolled out podcasts with past national champions (don't miss the one with Jamie & Kara Laraway!) and have brought in 2 new sponsors. One area where the team could use your help is getting excellent quality photos of dogs and handlers. If you are fortunate enough to reach the final six in a national trial, please make you and your dog are available for a few photos.

The team would also like to highlight the excellent work going on within your regions, such as veterans and youth hunts, charity efforts, conservation projects... there is a lot of great stories out there, lets' share them. Drop one of the team members a line with the info and a few pictures.

2023 Purina/NSTRA Endurance Classic

In a dazzling display of athleticism and skill, NSTRA members from 20 regions witnessed a fierce battle for the title of The Purina Endurance Champion. With records on the line and a trophy to claim, the stakes could not have been higher. Handlers and dogs from all over the U.S. and Canada traveled more than a combined 42,390 miles to Osceola, Iowa to the beautiful grounds of the Iowa Gun Dog Association.

A huge thank you goes out to our Trial Officials and Sponsors - without you, this trial would not have happened!

It is important to note that The Purina Endurance is the only National trial that is exclusively Beat Your Bracemate format for the entire trial. The trial started Wednesday with the 1st Round of 128 dogs. The sunrise was perfect, with temperatures ranging from the mid-60s to the upper 70s. Everyone had their tummies full of a delicious breakfast thanks to the early birds of IGDA. Ms. Marilyn had everyone in their spots early Wednesday morning with the first braces starting at 7:30 am.

Lori Sprick was Field Marshal for A field, and judges were Bodie Ray and Stan Perdue. Doug Embray was Field Marshall for B field, and judges were Donnie Parker and Ron Becker. Bo Marcum was bird planter for both fields.

7:30 AM the first "Let em' go" was shouted. The first day of the 1st round would include 16 braces in 2 fields, A and B, with a combined of 64 dogs. Both galleries were packed with spectators, and of course,

lots of gallery judging & coaching would pass the day along at least until the 8th brace - LUNCHTIME.

Lunch was a fantastic spread that included BBQ chicken with all the fixings, prepared by the ladies of IGDA - when I say these ladies can cook, I mean they can cook!! After a short lunch break, Lori and Doug started rounding up their teams and headed back to their assigned fields.

After a great first day, full of points, whoas, and backs, everyone was very excited to start the evening events. Close to 6:00 PM, the final "TIME" was called, and the crowd quickly drew upon the food line. Mr. Charlie Strawn spent hours preparing the whole hog dinner. He has been a longtime member of the Midwest Region and is well known for his skills at the smoker. Thank you, Mr. Strawn, it was a wonderful meal! After the delicious dinner and some visiting, everyone wandered off to their campers and rooms for a good night's rest, ready for another action-packed day 2.

Thursday morning was a redo of the previous day with an amazing sunrise, hot breakfast, cool temperatures, and a 7:30 AM start. This would be the second & final day of 1st Round braces. Lori and her team would be manning the B field and Doug, and his team were on the A field. Without any delays the first brace was up and running; another 16-brace day and another amazing lunch by the ladies of IGDA. The day moved along at a fast pace, the marshals and bird planter did a great job of keeping the braces rolling.

As the last braces finished, the members at IGDA prepared to serve a scrumptious dinner of BBQ chicken and all the fixings, everyone truly enjoyed the fellowship. Following dinner, Marilyn quieted everyone down for the recognition of 1st Round placements for Wednesday and Thursday. We are very grateful that Greg Blair with Purina, Patrick Bowman with Garmin, and Sara Moore with Moore Etc., were in attendance and able to present placements to our top finishers. After the awards were given, the Calcutta and auction started; this group raised an astounding \$5,235.00 for the NSTRA Scholarship Fund - special thanks to everyone who donated the auction items. After the money was spent, the disco ball dropped and the boot scootin' started. Bill Sumpter's son, Devon Miller, serenaded us with his amazing voice long into the night - there may or may not have been the aroma of Bengay in the air on Friday morning following a late night of hip-shaking and line dancing.

Friday started off Round 2, with another 16 braces on each field, the day would be filled with lots of anticipation to see who would be making the cut for Saturday; only the top 32 dogs from the week would advance. Friday's competition was just as tough as Wednesday and Thursday, with each brace stacked with talented dogs and top NSTRA handlers. Temperatures were a little higher than the previous day's ranging from mid-70s to mid-80s, making the scenting and the conditions tougher.

As the afternoon progressed and braces ended, the smell of the grill filled the air. Again, IGDA was preparing an award-winning meal, this time on the menu it would be steak and potatoes. They said, "Everything is Bigger in Texas," but I believe the steaks prepared by IGDA can give them a run for their money - "Bigger in IOWA" has a nice ring to it. Once everyone finished their dinner, Marilyn called for Friday's winners to come forth to receive their awards. You could feel the anticipation and nerves building for the next day, as the time was almost near to crown the new "Purina Endurance Champion."

Saturday our start time of 6:30 Am would be a bit earlier than the previous days. We had 5 rounds to get through and we needed to make sure we had enough daylight to crown our new champion. As the sun came up, so did everyone's excitement. Still using the BYBM format, 32 dogs started off in the 3rd Round. Brace by brace everyone was exchanging thoughts and suggestions on who they thought would be the

one to advance to the next round. As you can imagine the gallery was full of very knowledgeable spectators giving their thoughts about each brace.

(PICTURED L TO R: TOP 4 HANDLERS IN THE BLIND: Sam Ashmore, Tina Sterner, Roger Parient Jr, Scott Townsend)

When we finally got to the Final Hour (Round 7), we still had a very large crowd – it was great seeing everyone so excited to see who the winner would be! Everyone was sending their words of encouragement and “good lucks” to Roger Parient Jr with Sioux and to Scott Townsend with Jimmy. At this point they were both winners, making it this far in any National Trial is a HUGE accomplishment.

After a short break, the Top 2 (Two) dogs were led to the starting line and ready to go. The hour-long brace was not for the faint of heart, it was literally second by second, back and forth of who the gallery thought was ahead. Sioux and Jimmy hunted their hearts out, showing exactly why they were the 2 top dogs! As the hour came to an end and the sun set, the final POW! was heard, Jimmy and Scott found the last-minute bird that made them the Winner of the 2023 Purina Endurance! There was a roar of hoorays from the gallery for both handlers and dogs, everyone was so proud of them.

WINNER: CROSSWIND JIM and SCOTT TOWNSEND. This was a record-setting win for Scott and Jimmy, this duo has now won ALL 5 National Trials and The Purina Top Performance Award. Jimmy won this trial at the age of 7, he is by MAHONEY'S MAGIC JACK and out of SINGLESHOT CINNAMON. He is a 10-time NSTRA Champion with 185 total points, 117 being first-place points. Jimmy and Scott are the winners of the: 2018 Dog of the Year, 2019 Trial of Champions, 2019 Purina Top Performance, 2021 Quail Forever, 2022 UKC Performance Classic, and the 2023 Purina Endurance. **This is the first time in NSTRA history for a dog to win all 5 national trials PLUS The Purina Top Performance Award.** Jimmy and Scott were the Michigan Regional winners in 2017, 2019, and 2022 and 1st Runner Up in 2021.

Seeing all these accomplishments you surely think "How much better can you get?." Well, winning all 5 nationals with Jimmy isn't the only record Scott has set. Scott has become the handler with the most National Trial wins, he has won a total of 13 NSTRA National Trials throughout his career and I suspect he isn't done yet.

If you know Scott, you know how big of an advocate he is for National Shoot to Retrieve. You also know how humble he is, even with all those belt buckles on his shelf, he is always there to help anyone who needs it and who is willing to listen. He has gotten so many people addicted to this game through his coaching and by producing national caliber Shorthairs and English Pointers, many of whom have gone on to win their own belt buckles and championships. He has made NSTRA and dogs his life passion, and it reflects in his success. Congratulations Scott, it's safe to say, you're the best there is! Can't wait to see what you accomplish next – hopefully, it is with a Shorthair. 😊

The First Runner-Up, Kickapoo Sioux Too, is well-known in the Winner's Circle. Owned and handled by Roger Parient Jr, "Sioux" is a 9-year-old English Setter by Kickapoo's Jackpot and out of Kickapoo's Little Sis. She is an 11-time NSTRA champion with 206 points and 112 first-place points. Her first visit to the Top 4 was at the 2017 Quail Invitational – she was 2nd Runner-Up. That was the beginning of her mission to become the "top dog." From there she went and won back-to-back National trials, the 2017 Dog of the Year, and the 2018 Quail Invitational. Following her national wins, she won the 2019 Indiana Region Championship Trial. Now she can add another belt buckle to her resume with her recent 1st runner-up win at the 2023 Purina Endurance. Her winning is continuing to strive through her offspring, as they are showing much success in the NSTRA fields. There is no doubt we will see her again or one of her offspring in the future Winner's Circle.

Second Runner-Up: Tash's Southern Sue. "Sue" is a 7-year-old English Pointer by Zeke's Dynamic Buck and out of Tash's Southern Dog, she is owned and handled by Sam Ashmore. She is a 2-time NSTRA Champion with 44 total points and 22 first-place points. This is her first visit to the Top 4 and it is very well deserved. Sue is a tough and fierce competitor, and it was only a matter of time before she and Sam made their way to the top. I don't see this being the end of their success together as Sam has proved time and time again that he knows how to get to the finals. Congratulations Sue and Sam.

Third Runner-Up: Runnin J Outlaw. "Clyde" is a 6-year-old German Shorthaired Pointer, by Hard Hitting Winchester, and out of HHK Two Dollar Pistol, he is owned and handled by Tina Sterner. Clyde is a 1-time Amateur Champion and a 2-time Open Champion with 39 total points, 21 being first place points. Tina and Clyde have had lots of recent success in the last year. They were 3rd Runner-Up at the 2022 Georgia Regional Championship, 3rd Runner-Up at the 2023 Quail Invitational, and most recently 3rd Runner-Up at the 2023 Purina Endurance. I think it is safe to say - Tina and Clyde are not a draw you want to have, and they will be back in the Winner's Circle soon! Tina works diligently with her dogs to make sure that their work is top-notch and that they are performing to the best of their ability. Clyde is extra special to Tina because he was raised by late friend, Jim Harmon. Jim was well-known by many and is missed dearly to this day. Tina has a great story about when she started to show interest in Clyde, ask her about it one day, it will be sure to lift your spirits. Congratulations Tina and Clyde, I know you are making Jim proud!

... THAT'S A WRAP!

With Scott Townsend

I have been asked to write a letter for the NSTRA magazine in regard to winning the 2023 Purina Endurance trial. NSTRA has a standard survey form that asks the winning handler several standard questions such as who trained your dog, how long have you been in NSTRA, how did you prepare for the Endurance Trial, etc. etc. Most of the questions are pretty basic and after winning several of the national championships over the years, Marilyn asked me to write something different about the winning of that trial and what goes into getting a dog ready to compete in those national events.

Let me start by saying this, I am far from being a writer, I find it hard to be able to explain in writing what I do or have done to get my dogs to that winners' circle, especially without coming off as a braggart, something I have always disliked. To be honest I would much rather just let my dogs' performances do the speaking for me and themselves.

To answer the question of what it meant to win the Endurance trial, this trial was huge as far as Jimmy goes. It made him the first and only dog to ever win all five national events. I was so happy and proud that he accomplished that. I really thought it would take years, if ever, for him to win that last one. I have been fortunate enough to have been blessed with a good amount of success in NSTRA, I try to never take it for granted. This NSTRA game has been good to me, and I try to pay it back by helping others get started in the game or help people get their dogs to a competitive level, or offer advise wherever I can. This game really is tough to break into for a new member and it's getting harder and more expensive each year.

There are a lot of really good dogs out there these days, that are capable of winning a national event, but one of the biggest areas I see that hamper them from reaching that goal is showing up to these national events with dogs that simply aren't in condition or maybe just not in their best condition. So, if I could offer others just one bit of advice it would be to get your dogs on some kind of conditioning program prior to the event.

Looking back over the years I have seen it time after time where a dog makes it to Saturday of the national event, that's the day that pushes your dogs to its limit. They have to run several braces that day if they are to make it to the finals. I can't say how many times I have seen dogs make a round or two on Saturday and then run out of gas. Stamina is huge, especially on that last day, some dogs naturally have more stamina than others, but ALL can benefit from conditioning them prior to the event. If you are not doing some kind of conditioning work going into these national events to get your dog in top physical shape you are doing it a disservice and increasing the odds against you winning.

There are many ways to get your dogs in shape, personally after trying a few different methods I have settled on just free running mine. Also keep in mind that not all dogs condition at the same rate. Some dogs are slower at getting in shape than others. It may take a little bit of trial and error to figure out how to tailor a program that works for your dog. If it's an older dog I will start them earlier and progress them slower than a younger dog. There are several different methods to use, pick one that fits you and your dog's program. Keep in mind too that a dog's stamina and condition have peaks and valleys. You want to have them peaking at the time of the trial if possible. Again, this is something you will have to play with because they are all different. I generally figure I need to get started a month prior to the event to get a normal dog to where I think he needs to be for a national event. If they are up there in years, I start them more than a month early because I don't want to push them as hard.

Well, I hope this helps some of you dog trialers get your pups where they need to be going into the multi day trials and nation events. I would be happy to help or answer a question if I can. Call or text me.

Best of luck to all. See you on the circuit.

1. I heard about the organization from my fiancé's friend, and it appealed extremely interesting to wanna compete and better our dogs in the field.
2. My bird dogs are German Shorthaired Pointers (GSP's). I have worked with dogs for a few years in the waterfowl world, but on the upland side of things I've only had less than 2 years experience working upland bird dogs.
3. My fiancé, Mallory, and I both will be competing with both our GSP's, "Cassie" and "Riley." We will be getting her registered here soon to be a member.
4. We look forward to meeting others and hopefully start a group closer to home!

Nature of this Award: National Shoot to Retrieve Association (NSTRA) offers this private scholarship program annually based on revenues generated and deposited to the NSTRA Trust Inc. The availability of the total number of scholarships and the amount of funds awarded may vary from year to year. The applications received are redacted as to identity of the applicants, reviewed and ranked by the scholarship committee, and awards are then determined by the National Officers. All recipients are expected to provide updates and follow-up to NSTRA regarding progress to academic goals. NSTRA SCHOLARSHIP 2024

Roger Jack Drake, age 73 and resident of McLeansboro, IL passed away 2:30 a.m., Friday, June 16, 2023 at McLeansboro Health Care and Rehabilitation Center, McLeansboro, IL.

The Funeral Service was 1 p.m. Monday, June 19, 2023 at Harre Funeral Home, McLeansboro with Pastor Jacob Gray and Pastor Jason Moore officiating the service. The Burial was in the I.O.O.F. Cemetery

Roger was born October 28, 1949 in McLeansboro, IL to Jack and Mary (Hays) Drake. He was a Graduate of McLeansboro High School with the Class of 1967- he attended SIU Carbondale with a B.S. Degree in Agriculture. He later married Sandra Turner on September 5, 1970 at the First Baptist Church, McLeansboro, IL. Roger was employed as a Manager of Tanco Terminals @ Port of Indiana/ Mgr of Agrium Port @ Mt.Vernon, IN in Agricultural Chemical Distribution. Roger also farmed and raised black angus cattle. He was Christian by Faith.

Roger loved competitive pistol shooting. He was active in Illinois Field Trial Clubs and Illinois Shooting Clubs. His passion for bird dogs led him to be active in many phases of Field Trials. He particularly enjoyed guiding at Keith Neil Game Reserve and Gary Kearney's County Line Hunting Club. He was a member of the National Shoot To Retrieve Association (NSTRA).

Survivors include his wife Sandra Drake, McLeansboro, IL; daughter Tennille Feece, husband Jason, Plymouth, IN; Mother Mary Drake of McLeansboro; Sister Betsy Scott, husband Bill of Effingham, IL; Brother Stephen Drake, wife Becky of Houston, TX; Brother-in-Law Jeff Turner, McLeansboro, IL; Grandchildren Tanner, Paige, Drake and Harper; Numerous Nephews, Nieces and Cousins. Preceding Roger in Death was his Father Jack Drake; an infant Daughter Stephanie Dawn Drake and a Sister Denise Ann Drake.

Memorials have been requested for The Carmi Children's Home, Carmi, IL and the Shriner Children's Hospital and will be accepted at Harre Funeral Home, McLeansboro or to the family.

Roger had been a member of NSTRA for 22 years, always offering to help whenever needed. He was a judge and field marshal. He attended and passed the judging test in 2002, shortly after joining the association. Roger and Danny Hampton attended the trials together and were best friends since childhood. They were always ready to have a good time and pass a few words of encouragement to new members along with a joke. Roger purchased Mohawk's Shorty from Bob Cunningham in 2007 and had great fun with Shorty putting 81 points – including 5 championships on his friend Shorty. Roger's wife Sandy was always a great encouragement to Roger and when he was diagnosed with Parkinson's Disease, Sandy was there. He continued running his dogs even with his disability. But knowing Roger, he was never hampered by this disease. Roger was a friend to all and will be missed in the Illinois Region where he was a member for many years. Rest in peace Roger and if there are field trials in heaven, we know Roger and Shorty are right there.

Argument for Proposed rule change to add NAVHDA as recognized registry in NSTRA:

NAVHDA, is one of the fastest growing pointing dog groups in the United States. By accepting the NAVHDA registry we open a whole new group of members to our organization. NAVHDA has very good training and testing programs that would bring new members to the NSTRA trials.

Currently dogs that only have a NAVHDA registration must apply for an "open registration" through AKC to be eligible to compete in NSTRA. This can be a lengthy process and often discourages new NSTRA members that have NAVHDA registered dogs. Below is some information cut and pasted from the NAVHDA web page.

About the NAVHDA Registry

The NAVHDA Registry is home to the largest searchable database of versatile hunting dogs in North America. Each dog registered with NAVHDA receives a certificate including a three-generation pedigree showing test results, available hip certification, DNA information, and facilitates the selective breeding of sound hunting dogs.

You can search for registered dogs' pedigrees as well as the test results for individual dogs, sires and dams, and their progeny. Test results are also available by protected kennel name or by breeder name.

Registry Policies and Procedures, Revised March 2020

NAVHDA has an open registry. Registration is a certification of purebred lineage, generated from a legitimate three-generation pedigree from a recognized registry or breed club.

NAVHDA recognizes the following Registries: American Kennel Club, Canadian Kennel Club, Field Dog Stud Book, and the Federation of Cynologique Internationale. Pedigrees from other countries and versatile breed club stud books are considered on a case-by-case basis.

NAVHDA promotes selective canine breeding and canine population control by making test results and various educational reports available to the public.

Dogs with an AKC-ILP (Indefinite Listing Privilege) number are not eligible for NAVHDA registration.

NAVHDA's pedigree is a NAVHDA performance and lineage document. The NAVHDA pedigree is the only document that provides the NAVHDA test results of the ancestors of a litter along with hip evaluations and DNA certification when provided.

Using our searchable database, anyone can obtain a Breeders Report which provides test results of all dogs tested by a given breeder sorted by whelp date with dam, sire and progeny listed.

NAVHDA strongly promotes DNA testing of all dogs along with hip certification. Technology offers many options for improving breeds and for improving performance records.

The North American Versatile Hunting Dog Association Registry recognizes the following registries:

- Canadian Kennel Club
- American Kennel Club
- Field Dog Stud Book

Disciplinary Changes

Due to the recent increase in disciplinary grievances and the variety of infractions, the officers have decided to investigate revising the NSTRA By-Laws, Article I Membership, Section IV, commonly called the disharmony clause.

The current reading is as follows:

Any member proven to be guilty of practicing or using unfair or dishonest methods of entering or handling in any recognized competition, or who knowingly commits an intentional act which shall tend to injure the honest character or reputation of a fellow member, or to disturb the harmony or function of the Association, shall be automatically expelled from all NSTRA activities for a period of one year. A second offence shall result in lifetime expulsion from the Association. This disciplinary action may be initiated on the Regional or National level. All regional disciplinary action must be coordinated and approved by the National Officers and Board of Directors, all national disciplinary action must be coordinated and approved by the Board of Directors. In all cases, the accused shall be given the opportunity to defend themselves at all levels.

Any person barred from Shoot-To-Retrieve Trials as per Article I, Section IV, said suspension shall also include any dogs owned by the person at the time of the infraction, for a period of time concurrent with the expulsion of the member, not to exceed one year.

Proposed Change

The following changes (**in bold**) were approved by the Board of Directors at the Dog of the Year board meeting to be sent to the membership for approval.

Any member proven to be guilty of practicing or using unfair or dishonest methods of entering or handling in any recognized competition, or who knowingly commits an intentional act which shall tend to injure the honest character or reputation of a fellow member, or to disturb the harmony or function of the Association, (**may be**) shall be automatically expelled from all NSTRA activities for a period (**up to**) of one year. A second offence (**may**) shall result in lifetime expulsion from the Association. This disciplinary action may be initiated on the Regional or National level. All regional disciplinary action must be coordinated and approved by the National Officers and Board of Directors, all national disciplinary action must be coordinated and approved by the Board of Directors. In all cases, the accused shall be given the opportunity to defend themselves at all levels.

Any person barred from Shoot-To-Retrieve Trials as per Article I, Section IV, said suspension shall also include any dogs owned by the person at the time of the infraction, for a period of time concurrent with the expulsion of the member, not to exceed one year. Any person suspended is not allowed to attend any NSTRA activity in any capacity, no matter the location.
