Letter from the President

Hello NSTRA members.

As the year of 2025 is approaching it's end, I hope that everyone's trial season was a productive and fun filled year.

We look forward to seeing everyone again for the upcoming 2026 season.

Hopefully by the time this magazine hits our member's mail boxes, the first phase of the new website is up and running. We will continue to make additions to it as the 2026 year progresses. Please give us your feedback and suggestions that may better improve the website or any area of NSTRA for that matter. It will be much appreciated.

With that said;

Congratulations to the 2025 Purina Endurance Finalists.

The winner was Clay Little and Bluegrass Big News.

1st RU - Sprick's Sassafras Girl- Lori/Kevin Sprick

2nd RU - Roberts Royal Teks Tarzan- Nathan Tekell.

3rd RU - Red's Second Chance - Mark Gillespie

4th RU - Kunza's Copper Casing - JB Kunza.

5th RU - Kickapoos Sioux Tomahawk - Pete Zeldenrust.

The Purina Endurance was a huge success. The Mid North crew went over the top in their efforts to put on a first class event. Truly an outstanding job. My hat is off to those folks. I'm sure everyone hopes they can get us back on those grounds next year.

I would like to thank Mychalie Moore for her dedicated term at the secretary's position. It was a pleasure working with her.

Then welcome Dean Goodall aboard as the newly elected secretary.

Bo Nutt will be doing another term as 2nd vice-president. Bo ran unopposed. Welcome back Bo.

Along with the website rebuilding, we are in the process of reworking the trial manager operating system. Bear with us as we try to correct some of the issues and glitches that plague that system. A lot of those issues arise due to it being such an antiquated operating system. Mitch Prowse and his team of experienced committee members are doing great things to improve it as you will see in the near future.

Another item I would like to mention; everyone that participates in this organization knows how competitive it can get. I would like to remind everyone that we need to realize that the folks that volunteer their time and effort to judge, bird plant, field marshal and do the trial chairman duties are not perfect. Sometimes mistakes can be made, calls can be missed, birds get away or die. It happens. It's the reality of our game. By complaining, criticizing, and accusing, it does nothing but make it more difficult to find help to put on these events. Please take things into consideration and be respectful and grateful that there's someone in those positions. They provide all of us with the opportunity to run our dogs and enjoy this organization for what it is.

I also want to welcome a new member, Kenneth Witt, to our organization. We met Kenneth at the Pheasant Fest event in Kansas City back in February. He owns the Gundog Nation Podcast. Not only did he join as a member, but he also signed up as a sponsor. Kenneth will be doing some advertising for us as well as podcast interviews. Please like and subscribe to Kenneth's - Gundog Nation page to support those that support us. Happy to have you sir.

Thanks to all and see you on the circuit.

National trials are the responsibility of the National Officers with input from the Board of Directors and the local co-chairs of national trials. Criteria for entry, which may be subject to change, for the original 5 National Trials is available in the reference section of the Rule Book beginning on page 41, Section 11. If a particular national trial is subject to changes in the entry criteria, there will be notice provided on the official entry form, in the magazine, on the national website, and/or by email if available.

To enter a national trial, you may submit a hard copy official entry form and payment, OR you may scan and email an official entry form with payment information, OR you may send by facsimile and official entry form with payment information, OR you may enter and pay on-line on the website. NO EXCEPTIONS.

Please note that additional new national trials may be added from time to time and do not yet appear in the current Rule Book. Please contact your National Officer Representative or the National Office staff for additional information regarding such trials. The current list of National Trials is as follows:

GARMIN INVITATIONAL CHAMPIONSHIP TRIAL Formerly known as Quail Forever. This is a revolving trial generally held in February.

TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

NATIONAL AMATEUR TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

UKC PERFORMANCE TRIAL. This trial is a revolving trial generally held in June.

PURINA ENDURANCE CLASSIC. This is revolving trial generally held in September:

DOG OF THE YEAR. This trial is held in Amo, Indiana, in October.

TOP PERFORMANCE AWARD:
To be eligible:

*Dogs must have at least 20 open points accumulated in weekend trials between June 1 through May 31 of the applicable year. Once a dog is eligible, a schedule of scoring is applied based on the results at regional elimination trials and National Trials

*The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1 in order to keep the number of national trials the same each year.

*The Regional Elimination trial results used in calculating Top Performance Awards is the regularly scheduled regional elimination championship

in the qualifying year/season (only one regional can count per year). Regionals scheduled or rescheduled to be held after June 1 will apply to the previous year. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1 – 600, 2 – 575, 3 – 550, etc.). The placement for the regional eliminations is determined by the score of the last round in which the dog ran. In addition, 100 points will be awarded to the Champion, 75 for the second-place dog, 50 for the third and 25 for fourth.

*The National Trials results are calculated as follows: A dog must place in the top 32 dogs to receive a qualifying score from that trial. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1 – 800, 2 – 775, 3 – 750, etc.). The placement for the national trial is determined by the score of the last round in which the dog ran. In addition, 100 bonus points will be awarded to the Champion, 75 for **second place**, 50 for third and 25 for fourth.

HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted in a rolling calendar throughout the year. Send these nominations to the nation office, or to a national officer no later than March 31 of the year in which a dog is to be considered. Nominations of dogs to the NSTRA Hall of Fame are NOT “carried over” to following years. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted in order to be considered for election. The National Officers, in concert with the Board of Directors, make selections to the Hall of Fame each April.

TRIAL SCHEDULES:

Fall/winter trial schedules are due in the office by May 1. Spring/summer trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

SANCTION FEES:

Trial sanction fees are required BEFORE a trial packet is mailed and before a trial may be “approved” in the system. Please pay all sanction fees at least 4 weeks prior to your trial date to ensure prompt mailing of the packet and to ensure that the trial may be drawn in a timely manner.

TRIAL REPORTS:

Trial reports and results should be entered into the trial draw system as soon as possible after a trial and no later than 10 days after the trial date. Overall results will not be approved until the reporting is complete. First place points and championships will not be confirmed or awarded until the reporting is complete. (This includes receipt of all registration paperwork for placing dogs.)

HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1 and January 1..

*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at any time to request a change in their Home Region.

ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members' spouses and children 18 years and under, still living at home. There must be at least one regular paid membership in the household to qualify. Associate members have the same rights as regular members with respect to participating in field trials (e.g., owning dogs, handling dogs, judging, bird planting, etc.). Associate member may not vote in any regional or national elections including rule or by-law changes, they cannot hold an office, and they do not receive a magazine.

RULE CHANGES:

Proposed rule changes or new additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the

Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

(continued on next page)

REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of new registration papers with the new owners' names to the office. The date of transfer will be the date shown on the registration papers.

UNREGISTERED DOGS:

As of June 1, 2022 a dog cannot run in a NSTRA trial without a system-generated dog profile or record. A trial coordinator cannot create the record. National staff or officers can only create the record once registration papers are received in the NSTRA office. In addition, there remain many "unapproved" dogs in the system. Unapproved dogs shall not be entered to run in trials until proper paperwork is received and appropriate action to create the record is completed. This can either be submitted by the owner or the trial chairman. We will accept copies by fax (317-839-4197), e-mail (office@nstra.org), or a photocopy by regular mail.

NSTRA DISTINGUISHED MEMBERS:

The NSTRA Distinguished Members award honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continued to improve, the National Shoot to Retrieve Field Trial Association, Inc. This award will be presented annually at the Dog of the Year banquet. Nominations may be submitted at any time to the staff at the national office, to a National Officer, or to the current chair of the Distinguished Members Committee. A short description of the individual and their contributions to NSTRA should be sent to the national office. A picture of the individual should be included, if

available. Contact the NSTRA office for a list of criteria. The committee will review all Nominations and verify contributions.

Decisions will be made not only by the information submitted but by any other information collected. The committee will make their decision by the April Board of Directors' meeting. A permanent plaque will be located at the NSTRA office with a smaller plaque awarded to the individual or their family if deceased.

ENDURANCE PRETRIAL

The Endurance Pretrial was set with 2 fields to start and as the entries started to come in we realized we needed to add a field to accommodate everyone and soon had to add yet another field to handle the dogs that wanted to run. At one time there was 165 dogs trying to get in but eventually we ended up with 156 dogs, and 84 different handlers. They ran 448 braces over 5 days! This was sure to be a record for the endurance pretrial.

As with all NSTRA trials the field was represented by a variety of pointing dogs, 59 English setters, 39 German shorthairs, 25 English Pointers, 18 Brittannies, 13 German wirehairs, 1 Lewellen setter, 1 pudelpointer made up the field. There were two consolation memorial trials for longtime members Owen O.J. Johnsen, and Leroy Rathbun. Dogs eliminated from the endurance were entered into the consolation trial after a 1st round loss. Tim String won the first with his dog Rose and Dale Heaton won the second with his dog Rex.

This was not your normal pretrial as participants received Goody bags filled with local items, everyone's favorite item was the homemade huckleberry jam made by Darlene Donavon who many of you know we lost Sept 8 – the Monday after the trial was over... This was Darlene's last act of giving – was making this jam for the goody bags along with the help of her husband Mark and son Kyle.

There were fun buses to the Medora Musical in the North Dakota badlands, music entertainment, free suppers every night. There was a photographer, a videographer recording all the events and riding with the judges to see all the dog work up close. The raffle, auction, and Calcutta drew record numbers, with hunts, guns, and lots of goodies to give away as everyone had a good time. With Geoff Sterner's 4-person hunt topping the auction with a 10,000-dollar bid. Dale and Carmen Roberts received a beautiful pencil drawing of Shiloh done by Kate Hall, Shiloh was last year's winner of the endurance. There was dock diving competition, and a dog groomer on the grounds as well. This trial had it all.

We have not even talked about the fields yet; the 2 fields used for the endurance were checkerboarded alfalfa fields with excellent cover for bird planter Curt Beckley to come out of retirement to put birds down in 42- and 46-acre fields. Isaac Norpel stepped up to plant the other fields. With many braces taking the full 30 minutes to find the planted birds it was a true test of skill of both the dogs and the handlers. A special thanks goes out to all the people who showed up and helped to set up as 1 mile of snow fence was used to keep dogs inbounds and safe. Judges and workers from all over volunteered to help make this one of the best trials people can remember.

2025 Purina Endurance Classic Trial

2025 Purina Endurance Trial

Sponsored by Purina ProPlan

In Dickinson, North Dakota, NSTRA was on a billboard which drew several local residents to the fairgrounds to see what it was all about. Free advertising for our sport.

Let's start off by thanking those who made this trial possible: Dean and Kristy Goodall, Chad Norpel, trial chairman Mitch Prowse and so many others from the MidNorth region making this possible. A big thank you from the trial coordinator to Butch Goodall who supplied me with a Polaris Cadillac Ranger with AC, heat & a backup camera. Thanks also to Scott Johnson, the Purina representative, for being a part of the trial – without Purina's support this trial would not be possible. Another thank you to Dean Meyers for allowing us to use his land for the trial. Each morning Bill Sumpter prepared breakfast & each lunch was prepared and served by Dean's son-in-law Cameron Cass and his mother Patty Goodall – really good & creative meals – particularly liked was the taco-in-a-bag which was new to Southerners who are very familiar with tacos.

Each handler received a goody bag with a 6lb dog food of Purina ProPlan, a keychain by Moore, Inc; \$25 gift card for Two Bitch Bourbon, and a Moore, Etc. Tumbler (which never arrived – pick yours up at Dog of the Year!

Tuesday night, the MidNorth region hosted a welcome dinner. It was a fish fry with fish supplied by Elden Miller and others, Bill Sumpter's famous onion rings & Dollie Jo Cloud's mouth-watering

Gumbo. What a treat for all. Josh Kehr entertained us with music after dinner and pre-trial placements were awarded.

There were 128 dogs in the trial with 15 Brittany's, 23 English Pointers, 53 English Setters, 25 German Shorthairs, 11 German Wirehairs, and 1 Llewellyn Setter. Twenty-one regions were represented with Southern California entering 17 dogs, MidNorth entering 15 dogs, Kentucky entering 14 dogs, and Indiana entering 11 dogs. Those 4 regions made up 44% of the dogs entered. The trial was beat your bracemate from start to finish.

The trial started on Wednesday morning with a prayer by Bo Nutt & Tom Dafnis singing the US National Anthem & the Canadian National Anthem for our Canadian friends. Both were beautiful!

Tom Dafnis singing Anthems

Honoring our veterans Jeremy Laraway, Scott Townsend & Robert Power The weather was beautiful with a low of 50 and a high of 60 with cloudy skies. On A field,

Standing John Holder (J), Sam Hight (FM), and Jim Wall (J). And the first brace on A field is in the blind to start the day:

The first day was in the books & it was now time to have a catered meal of fried turkey, brisket & all the fixings. After dinner, there was entertainment by John Linseth with his wife Quintana & their daughter Avery. Next was an auction to support the trial and all the extras. Geoff Sterner was the auctioneer & fun was had by all. Geoff Sterner also auctioned a hunting trip at properties of the Prairie Hill Sporting Club. He has also pledged to offer a hunting trip at next year's Endurance to make sure that next year's Endurance is bigger and bolder. Also, a thank you to all of the people who made donations to the auction which raised well over \$20K.

Auction items

The fair board president awarded NSTRA's scholarship fund a \$3,000 check.

Dustin Elkins (fair board president) awarding Chad Norpel (president of MidNorth region) the check.

On Wednesday, Dale & Carmen Roberts were presented with a colored pencil art portrait by Kate Hall (<https://katehallart.webnode.page>) of Ole's Runnirringnecks Bucknaked Shilo the 2024 Purina Endurance Winner.

Dale & Carmen Roberts & Shiloh

On Thursday, everyone had a rude awaking – the high was going to be 64 degrees, but the wind was a steady 28 mph with gust of 45 mph. The dust was flying through the air and it was feeling a lot cooler than the previous days. The tent that was erected for the dinners started collapsing & a portion of the fence fell down where the banners had been placed. In fact, the fairgrounds were also hosting a dog dock diving which had to be postponed until the next day.

The judges & field marshals swapped fields & A field started to complete the first round:

Gina Nutt & Hutch with gunner Bo Nutt & Cody Echevarria & Pearl starting field A

Because of the high winds & dust, the dinner was moved inside to a local catering venue. It was great to get out of the wind & dust. Placements for Wednesday & Thursday were given out. Mitch Prowse also had a drawing for additional prizes as well as 4 Dakota 283 kennels given to winners of certain categories in each field in round 1 related to highest retrieve and finds but the winner also has to beat their brace mate to go into this pool of dogs selected to win. A random drawing was used to pick which field would be find and which field would be retrieve for the day. The winners of round 1 received a NSTRA clock made by Battle Born Metal Works Richie Hight.

2025 Michigan Region Elimination Trial

The 2025 Michigan Region Elimination Trial was one to remember. This year, we witnessed a truly special moment as the winning run came from a father-daughter team: Ilie and Elizabeth Fetelea, with their exceptional dog, Crosswind Second Chance Abby. Elizabeth handled Abby with calm confidence in the field, while Ilie gunned for her, making it a true team effort. Watching Abby and Elizabeth's bond and teamwork culminate in a regional win was an unforgettable highlight of the weekend.

The final hour of the 2025 Michigan Region Elimination Trial was a nail-biter, featuring a head-to-head showdown between Abby with Elizabeth Fetelea and Crosswind Jim with Scott Townsend. It was a true test of endurance and bird dog skill, with both dogs exchanging finds and pushing hard from start to finish. The competition was tight, point for point and stride for stride, keeping spectators and judges on edge. In the end, Abby pulled ahead to secure the win, capping off one of the most exciting and hard-fought final braces in recent Michigan Region history.

FINAL: WINNER: Crosswind Second Chance Abby & Elizabeth Fetelea 1st RU: Crosswind Jim & Scott Townsend 2nd RU: Crosswind Shiver N Shake & Thadd Townsend 3rd RU: Crosswind Truckin Dutton & Scott Beaudette 4th RU: 5C's Gunner's Killer Kaiser & JR Coke 5th RU: Crosswind Blueline Tucker & Ilie Fetelea

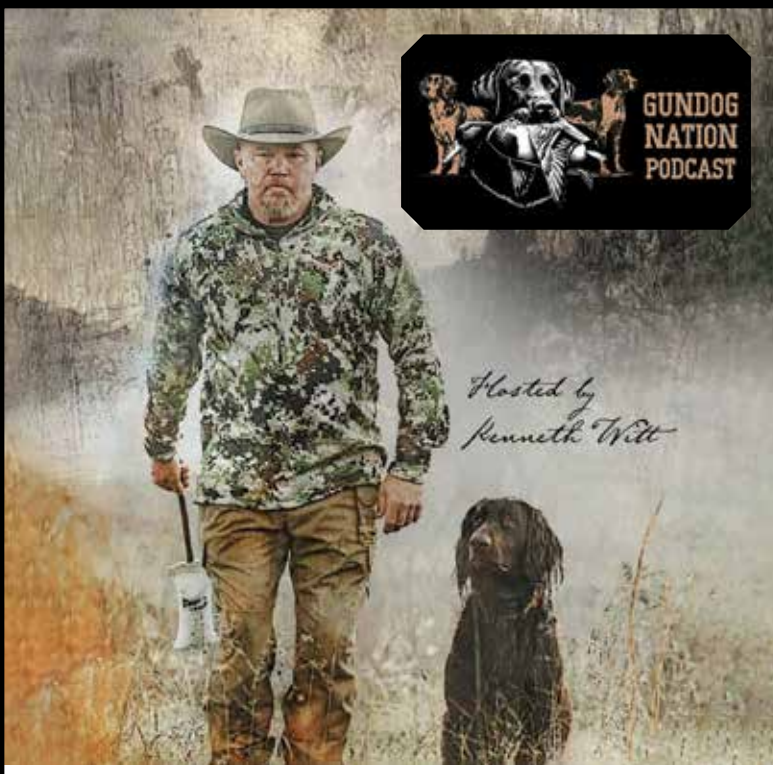

The Open High Point Dog title was awarded to True Blue's 105 Howitzer, owned & handled by Jamie Laraway. This marks the end of an incredible chapter, as Howi - the 2023 and 2024 Michigan Region Champion, ended his legacy with the 2024-2025 Open High Point title. His impact on the field and in our hearts will never be forgotten.

Jeff Knill and his talented German Shorthair female, Knill's Lucky Bunches Bella, earned the title of 2024-2025 Michigan Region Amateur High Point with 18 Amateur points. It was a tightly contested race all season long, with Bella holding her own against stiff competition. Jeff's consistent handling and Bella's drive and bird sense helped them rise to the top. Congratulations to Jeff and Bella on an outstanding season!

During the banquet dinner, we took time to honor three special dogs who crossed the rainbow bridge. Their presence in the field and the memories they gave us will be deeply missed. Rest in Peace Thelma, owned by JR and Eli Coke Jovi, owned by Duane Ballard Howi, owned by Jamie Laraway. A sincere thank-you goes out to our judges, Jeff Porco and Pete Zeldenrust, and to our bird planter, Brandon Ralston, for their time, expertise, and dedication in the field. We also extend our deepest appreciation to the Michigan Region Board and the many volunteers who worked behind the scenes to make this trial a success. To all our members, sponsors, and friends of the region, thank you for your continued support and for helping the Michigan Region thrive. And finally, to Crosswind Kennel—your unwavering support and commitment continue to be the backbone of our region. Here's to another great year of bird dogs, fierce competition, and lasting camaraderie.

Trainin Dogs with Rick Smith

Maintenance

by Rick Smith & Sharon Potter

This article first appeared in The Pointing Dog Journal, and is reprinted here with permission.

Hunting season is over in some places and winding down to a close in a few others. We're hoping everybody had a good one, with plentiful birds and fine dog work. Whether it was the last season for that old campaigner, the very first one for the new recruit, or you're enjoying that seasoned and reliable middle-aged dog, there are things to think about as another year draws to close.

Old dogs, young dogs, and everything in between will need maintenance during the off-season. It's not like cleaning your favorite hunting boots and packing them in the closet or oiling your shotgun before tucking it back into the safe. A well-trained dog is an ongoing project, for life. Think back over the last few months. Was your dog's performance better at the beginning of the season? How about at the end? It's pretty common for young dogs to come unraveled during the excitement of actual hunting compared to training; experienced dogs will often do that, too. We can hardly blame them because it's more exciting for us as well – and that makes us the bigger part of the problem when a dog does come unglued and forgets his training.

When we say "maintenance," we're not talking about the obvious stuff, like feeding and health care. That stuff should be a given and something you automatically stay on top of. You adjust your dog's feed to the level of work he's doing and maintain good body condition, usually putting on a few pounds if the dog has been hunted hard and has run off some weight. Any health needs are seen to, and some well-earned rest is in order. That's standard procedure when we finish up our season.

The kind of maintenance we're talking about is training maintenance. There is always something to work on during the off-season. With a dog just finishing up his rookie season, there may be quite a few things to put back together, while the more experienced dog may have had a few lapses in judgment but nothing too serious. Even if winter is harsh and the snow is deep in your part of the world, don't fret. A lot of the simple things can be worked on at home during normal, daily life.

There are three foundational skills every good bird dog needs to know. Almost every problem in the field will trace back to one of these three simple skills, which the dog must consistently do: go with you, come to you, and stand still.

Go with you refers to the dog walking with you until released to hunt, and then hunting out in front of whatever direction you choose, searching for birds while still being aware of your position and direction. **Come to you** is a pretty obvious one. All dogs need some level of recall so they can bring you a downed bird, come in for a drink of water or rest break, and at some point you've got to load up and head home. **Standing still** comes into play when your dog is on point, because his job is to stand still while you walk in to flush the bird. It's nice in a few other areas, too, like standing still until released when coming out of a kennel or through a door. It's all about patience. Maintain and continue to refine these three simple skills, and both hunting and day-to-day life with your dog gets better and better.

For post-season maintenance, let's start with the rookie, that wonderfully enthusiastic youngster just finishing up his first season afield. All the time you spent training paid off in the first few times afield, but as time went on and the anticipation and excitement grew, the dog made some mistakes. It's typical rookie stuff and mostly happens from sheer excitement. That's not the worst thing; we'd worry more if the dog wasn't happy to be hunting. It's how we deal with it that sets the tone for the balance of the season and the years after.

The most common skill to come undone is standing still, or whoa. A dog that breaks and chases is a dog in danger of being shot by accident. It's also a dog that, if allowed to continue breaking and chasing, will clear a field of birds and give you zero shot opportunities. Ideally, this needs to be well-trained prior to the start of actual hunting, and then that standard of steadiness needs to be upheld as the young dog gets into the real-world situations in the field. Dogs quickly learn the difference between training and hunting, and it's our job to make sure they understand that the rules don't change.

How do we deal with it in the field? It's never a bad idea to run that rookie pup with the e-collar on the flank for the first season, assuming that's the way you've trained whoa, like we do. Doing that gives you a way to stop the chase if the dog breaks. That also means you've got to be willing to sacrifice some shots in order to impress the rules upon your dog – never shoot a bird that your dog has flushed and chased.

So if it seems steadiness is where the wheels fell off when hunting, how do you work on that during the off-season when you really can't get to the field or do much bird work? Again, the problem was the dog not standing still. There are chances every single day, many times a day, where you can ask your dog to stand still and not move. Make a routine of it. Going outside? Put the dog on a whoa, open the door, and make him wait. Only allow movement on your release command. You can do the same thing going in and out of the crate or kennel, and again at feeding time. Do it in the backyard or in the living room. Any place and every place is good and will help. Always make sure the dog stands still when asked and only releases on your command. Change up the length of time you make him remain still as well, since dogs have a rather accurate internal clock – if you always ask for 15 seconds, they will often start releasing themselves when time is up in their mind. Your body language can also be a “tell.” The same stuff works with the older, seasoned dog. You probably won't have to do as much of it to keep the experienced, more finished dog tuned up. Still, maintaining a routine at home by using and always enforcing the same commands you use in the field is a great way to remind your dog that you are in charge and commands work everywhere.

What about the dog that tends to range well out of your comfort zone in the field and go off in a direction opposite of yours? Obviously, range isn't going to be a big problem in the house, but range isn't the only thing that factors in here. If a dog has forgotten you're part of the team, then he isn't going with you. If you're lucky, you've got one of those dogs that wants to be where you are when in the house or yard. That makes maintaining the behavior easy. However, if you have a more independent dog that tends to wander away, make a point of keeping the dog in the same room you're in. If you change rooms, the dog changes with you. If you're in the backyard, zigzag around and make him pay attention to your direction changes. Believe it or not, this will help strengthen the connection in the field as well.

Last, but certainly not least, is making sure your dog always comes to you. For the most part, that's easy except for one little detail a lot of folks don't really focus on. It's important to give your dog a consistent target to come to. Just close by or circling around or doing a fly-by is not coming to you. Think about how you want your birds retrieved. If you want your dog to stop in front of you to deliver, then that becomes your “come to you” spot every single time whether you're in the field or in your house.

And you can solidify that further by combining the come-to-you part with the stand-still part by making your dog stand still once he gets to that spot. If you have a dog that comes directly to you and always stops in the same spot and stands still, you'll be way ahead of the game. A dog that comes directly to you without hesitation and stands still is a dog under control, and it's also a dog that doesn't have time to pull feathers or play with a bird you've shot.

Do the maintenance during the off-season and you'll have a dog that is connected and ready to roll when it's time to dust off your hunting gear next fall.

A day in the life of a bird hunter

Blue Quail

BY: RANDY SCHULTZ

The rains came on time and in the proper quantity. Southeast New Mexico was awash in grass and Blue Quail. According to the harvest we took throughout the week, I can say there was more than one hatch, as well. Some birds we took were very small. Multiple hatches would explain the significant increase in population.

Driving the local roads in the oil patch, I dropped off the cap down into some of the nicest-looking habitat I'd seen in days. It was cool and clear. You could see all the way into next week. Cowpen Daisy, Sunflower, mesquite, grass, and sand all combined to make this a quail heaven. Quickly, I pulled into a pump-jack location (oil well) to uncrate Ruby and boot her up. (Dog boots are mandatory!) I parked and walked around to the back of the truck, dropped the tailgate, and, suddenly, out of a mesquite bush fifty feet from the truck, 30 Blue quail flushed and flew 50 yards to another bush. Many more ran out of the bush following the flyers. Trying to put boots on a dog in a hurry is problematic, at best. Booting a dog that just saw 30 birds flush fifty feet away is pretty close to impossible.

Finally, it was done, and Ruby and I started west toward the flushed covey. Almost immediately, she locked down, smelling the covey remains. I honored her point and kicked

around a bit, reached over to her, tapped her on the head, and said, "OK, girl, let's go find 'em."

We worked up to the dunes, over the top, and out into a flat area loaded with Daisies and grass. What a perfect place, I thought. For 20 minutes, Ruby hunted hard and came up with nothing. I started south, thinking they might run toward some bigger dunes. Ruby picked up on my idea and dropped into the dune bottoms. She spun around just as the covey flushed up and over the top, headed west. We watered and conspired and commiserated for a few minutes- finally, I turned her loose again, and up over the dune she went after the covey.

(Climbing dunes is a great aerobic exercise, by the way.) I got to the top and looked out on a flat area with mesquite bushes and lots of grass. Also, I saw Ruby pointing at a mesquite bush 100 yds away. I moved as quickly as I could to get to her, but, about 40 yards away, the covey flushed again- going farther west. I saw some of them land on the top of another dune 100 yards away, and some more cross a fence and dive into a mesquite bush about the same distance from me. Ruby took off after them, as I trudged through the sand and shinoak, gun ready, looking for singles. Deciding to cross the fence and trap the mesquite bush crowd, I found a low area in the substantial fence and stepped over the top. I hurried to Ruby, again on point, at the mesquite. "Gotcha now, you little buggars!" I thought! Lots of tracks and a locked-down bird dog will get me excited any day, but they eluded us again. I began to think these sly, desert runners had seen a dog before!

I turned her loose, once again, and we started working the area, making long loops through the grass and mesquite. We would go way downwind and turn back into the wind and crisscrossing, looking for scent. Finally, we got back to the fence and the bush. I called her in and we headed to the dune where the other half of the covey landed. It was another dry hole. (The birds were whistling and gathering up again and heading back to the truck where we flushed them originally. A known tactic of the desert quail.) Ruby was dry, and I was out of water by this time, and getting a little weary. "C'mon, girl" I said, "Let's head back and find another covey." I came to the fence. It was a new, tight fence with good wire, and there was no way I could step over it. I stepped on the bottom strand, right up against the metal fencepost, and started to heave myself over the top when the fence link broke, and I slid down on top of the post. I was wearing a lot of gear in my vest, and that probably protected me, but the top of that post hit me in the stomach and slid up my chest. I jumped back, took off my glove, and felt the area to see if I was bleeding. It stung, but no blood showed. Good to go! Finally, I ended up digging a hole in the sand and braved sand spurs by rolling under that blasted fence. I came up the other side and walked off after my bird dog.

Ruby came up for a drink, and I put my gun down and took out every bottle I had to give her the last few drops. We were about a mile from the truck, had 4 covey flushes (3 pointed) and no birds/no shots. We chatted a bit and then I sent her on, put on my gloves, picked up my gun, and looked ahead to where we were going. I was thinking about the wind direction, truck location, etc., I stepped directly into a four-foot-high Cholla bush! Cholla cactus deserves respect when you know it's in the area. It is especially painful when you have no idea it's around, and it hits your leg from ankle to belt! Of course, I wasn't wearing chaps that day. I put my gun down, took off my vest and dropped my pants, right there in front of God and all the coyotes! I commenced pulling spines from my leg and thigh until I couldn't feel any more sticking out. As long as I was half naked, I checked out my fence-post scrape and it wasn't too bad- no gashes, at any rate. I looked around and

noticed there was ONE Cholla bush in the entire southeast area of NM, and it was 3 feet from me. I've always been lucky like that. Just then, Ruby's "on point" alarm sounded- she was 256 yards from me in a mesquite mound area.

I made it to her in time for another covey rise and finally downed 2 birds for good retrieves. One bird went down a hole. By the time I got there, Ruby was up to her shoulders with sand flying everywhere, and she came out with the bird in her mouth. We worked singles for about 30 minutes, generally heading to the truck. I dropped a few more. Finally, I reached for some shells and came up dry. I had two shells in my gun, the sun was getting low, the temp was dropping, we were out of water and the truck wasn't too far away. "Here, Ruby, let's get back to the truck. Good girl!" She worked ahead of me into a flat grassy area and pointed a little clump of grass. Two birds flushed up and flew directly into the low sun. Boom, boom! I thought I could see the one well enough to shoot, but it kept on going, apparently unhurt. (I know. I'm as amazed as you.) Worse, I was now out of shells with an empty gun. For the next 10 minutes, Ruby would point a clump of grass, and I would kick a few birds in the air to watch them fly off. Laughing, I scratched her and loved on her as we headed to the truck. "Ruby, " I told her, "We can add this tale to the others! These Blues are a challenge, for sure. Nice job, girl!"

I have no idea why I really like that smelly, prickly, sandy, hot, cold, windy, dry piece of Southeast New Mexico. But I do. It's the only place in the country I will hunt twice in one season, and I'm already looking forward to December.
